MECHANICAL ENGINEERING
BUSINESS/MANAGEMENT OPTION
AGREEMENT

I, _____, agree that *all* of the following terms must be fulfilled in order to pursue the business/management option in Mechanical Engineering. A Business Minor requires that the student apply for the minor in the Engineering Dean's office.

I agree to the following:

1. To take ECON 2013 as the required economics course.
2. To take ECON 2023 as a lower level social science elective.
3. To take MGMT 4243 as an upper level social science elective.
4. To substitute the following courses for the four (4) required technical/science electives in the Mechanical Engineering curriculum:
   INEG 3313 Engineering Statistics (substitute for WCOB 1033)
   3000-4000 level management (MGMT) course (3 hours)
   3000-4000 level management (MGMT) course (3 hours)
   3000-4000 level management (MGMT) course (3 hours)
5. To take the following courses which will complete the requirements for a minor in business:
   WCOB 1120 Computer Competency Requirement (prereq. for WCOB 1023)
   COMM 1313 Fundamentals of Communication (prereq. for WCOB 1023)
   WCOB 1023 Business Foundations (prereq. for WCOB 2033)
   WCOB 1012 Legal Environment of Business (prereq. for WCOB 2033)
   WCOB 2033 Acquiring and Managing Human Capital (prereq. for MGMT 4243)

Notes:

1. At least 50 percent of the courses applied toward the minor must be taken in residence.
2. Each student must have a 2.00 cumulative grade-point average in the courses offered for the minor.

I understand that if I fail to obtain the minor in business, the nine (9) hours of upper level business courses listed under item 4 above will not be counted as technical/science electives in the Mechanical Engineering curriculum.
